Host comparisons

between **Standard**, **Fast Track** and **VIP** hosts:

◆ Standard Host

- **Benefit:** Their profile enters the **general queue** in the order it was created.
- **Effect:**
 - Matches are processed **after Fast Track and VIP hosts**.
 - Exposure to nannies depends on overall queue volume.
 - Wait times can be longer during peak demand.
- **Analogy:** Like **regular boarding** at the airport — you wait your turn in line.

◆ Fast Track Host (vs. Standard)

- **Benefit:** Their profile is **moved ahead of Standard hosts** in the match queue.
- **Effect:**
 - Quicker visibility to nannies.
 - Earlier chance of shortlisting and interviews.
 - Reduced waiting time compared to Standard.
- **Analogy:** Like **priority boarding** — you skip the normal line, but you're still in the general flow.

◆ VIP Host

- **Benefit:** They are given **top placement and personalized attention**.
- **Effect:**
 - Always shown **first** to new nannies.
 - **Dedicated admin review** of matches before others.
 - Access to **exclusive or high-quality nanny profiles** before they are released to the wider host pool.
- **Analogy:** Like a **first-class lounge** — not just skipping the line, but having extra comfort, exclusivity, and guaranteed priority over everyone else.
